CORRIGENDUM

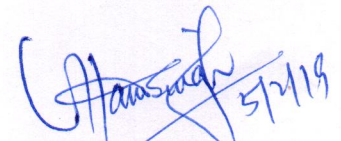

In reference to our Tender Notice No.II-4/Tender/19-20/St. for purchase of 2500 qtls. **Concentrate/Horse Feed** during the year 2019-20 (item at serial No.1 of tender notice), the **specifications and important notes** at **page 2** of tender documents for the item may please be read as under:

Specifications and Important Notes:

1. Each batch of Concentrate/Horse Feed to be supplied should be strictly made as per below prescribed formula:

Ingredients	Acceptable %age
Maize Whole	10
Gram Whole	20
Wheat	10
Barley	10
Soya Flakes	20
Deoiled Rice Bran	17
Mineral Mixture	1
Common Salt	1
Linseed	2
Taramira	4
Molasses	5

2. Synonyms : Horse Feed/Concentrate Horse Feed
3. Appearance : Mesh form
4. All the ingredients added should be of good quality and conforming to our specification for these ingredients
5. Each lot of mixed feed should be free from "Aflatoxin". Aflatoxin test report from reputed/certified lab. must accompany the feed lot supplied to CRI Kasauli.
6. Packing size is 25kgs in double layered moisture proof bags.
7. Each batch of Concentrate/Horse Feed supplied must indicate detail about the Batch No., Date of manufacture & Nett Weight.
8. The rate should be quoted for net weight(not gross weight) of the feed duly taking into account the cost of bags also which will be retained in this institute and for which no extra charges will be paid to the contractor.
9. The tenderer should quote **delivery of material at destination** (i.e. CRI premises) rate of the feed (i.e. loading and unloading charges will have to be borne by the contractor). The place at which the factory is located should also be mentioned in the tender.
10. Successful tenderer(s) can be asked for submission of two packs of pilot samples of each batch of horse feed.
11. Proximate analysis values should be within the acceptance range. Crude Protein not less than 20%, Crude Fiber not more than 6%, Crude Fat more than 3%.
12. It shall be obligatory for the supplier to physically get the individual ingredients and mixing (as per the prescribed formula) inspected by the Officer/official deputed by the institute to his manufacturing unit failing which supply may be liable to rejection
